Animals Benefit Club specializes in the most severe abandonment, neglect and abuse cases. Many of these Critical Care animals arrive severely ill or injured and require substantial funds to give them a chance at a normal life and a happy, forever home.

ABC also focuses on Street Rescue to help reduce pet overpopulation and alleviate the suffering of homeless cats and dogs. These animals are almost never altered and would otherwise continue to breed exponentially.

Hunter, a 3-year-old German Shepherd mix, was recently found staggering along the side of the road after being hit by a car. Despite losing his front leg, he's adjusting very well (he is fast!) and is still a sweet, loving boy.

Roscoe arrived at MCACC with a broken leg. Once we saw his cute face we just had to help him! Thankfully his leg didn't require surgery, only a splint. After 8 weeks of limited activity, including many on-leash trips in the

yard, the splint is now off. He will remain on limited activity for a few more weeks. Roscoe has an easy-going personality, loves people, and is friendly with other dogs.

ABC rescued a German Shepherd from an abandoned scrap metal yard in mid-August. Her "home" was an asphalt lot surrounded by a chain link fence and absolutely no shade. Princess was scared and nervous when she first arrived at ABC, but quickly warmed up to the staff and loves to be in her cool kennel!

Biscuit was found abandoned in an apartment with his young mother, Ginger, and three siblings: Sneakers, Butters, and Maddie. They had been in foster, but are now at ABC until they find their forever homes.

Happy holidays and thank you for your continued support! Your donation allows ABC to provide food, medical care, and shelter to homeless animals who need us the most. Make a tax-deductible gift today!
